About the Institution

The Aditya Pharmacy College has commenced working from the academic year 2004-05. The first batch of students has passed out in the year 2008. The students are given coaching in the III and IV year for the GPAT examination as a result the number of students who are qualified in the GPAT examination is quite high. The students participate in various scientific poster presentations and seminars that are organized in different colleges and present seminars and poster presentations and secured prizes for their participation.

The College has over the years acquired advanced equipment and installed in various laboratories. Realizing the importance of web-based learning the management has provided a high-speed internet laboratory for the students. There is huge collection of books and journals which are subscribed regularly. The college has started the post graduate courses like Pharmaceutics and Pharmaceutical analysis & quality assurance in pharmacy (M. Pharm) in the year of 2008 and 2009. The college has started the PharmD Course from the year 2010–11. The college name has been changed to Aditya Pharmacy College in the year of 2015.

APC is approved by UGC under sec 2f, PCI & AICTE and it is affiliated to JNTUK. APC also have ISO certification and participating in NIRF. APC provides good infrastructure for holistic development of students and faculty members.

APC also offers Add on courses for the students which help the students to think out of the box. The students of B. Pharm, M. Pharm and PharmD in APC are made to undertake projects/ internship/ field works.

Total percentage of Full-time teachers against sanctioned post is 100%. The college has Qualified Ph.D. holders. Number of research papers published on UGC/SCI/SCOPUS indexed Journals during the last five years is 26. Total number of Functional MOU is 15. All the students are offered placements with good package. The institution has subscription for e-resources. Career development programmes on life skills, soft skills and computing skills, language and communication skills were organized by the institution. Various health awareness programmes and cultural programmes were conducted by the institution to enhance the experimental and holistic development in students.

Aditya Pharmacy College is accredited by NAAC A Grade with CGPA Score of 3.06 and got autonomous status from UGC for period of 2023-2034.

Institutional Strategic Goals

The college has an internal organization structure that has involved various bodies and committees which will support the growth and development of the institutions. A review is taken about the implementation and outcome of the respective plan this has been achieved by following various strategies in the below.

The following are the salient features of the institutional strategic plan:

1. Enhancement of R&D infrastructure.
2. To encourage innovation, creativity, research and experiment and to mimic thoughts and ideas, we give freedom for students and faculties.
3. To focus on high quality education and research from the faculty members and scholars.
4. To establish a research laboratory, central instrumentation and analytical facility.
5. Continuous internal quality assurance system ensuring effective governance.
6. Support employee advancement and welfare and their financial planning and management.
7. Focusing in Constant growth in research and development alumni interaction and other activities.
8. Organize FDPs and Internal Training Programs.
9. Promote health awareness programs

Enhancement of R&D infrastructure	After the peer team assessment and recommendation, the development of R&D infrastructure with a thrust to include the accounting laboratory was well conceived and debated for enhancement of R&D infrastructure.
To encourage innovation, creativity, research and experiment	Research has been considered as an important integral part of the academic endeavors in our college, many seminars and workshops are organized by the college.
To focus on high quality education and research from the faculty members and scholars	We welcome students from all countries and our educational programs designed to equip students with virtual knowledge that help them to achieve what they want to be. This institution is an intellectual destination that
